

2021-2022 Application Cycle

Dear Applicant:

Due to the Covid-19 pandemic, the Wildlife Conservation Society's clinical veterinary externship program is on hold and is not accepting applications for the 2021-2022 application cycle (summer 2021-spring 2022). Those of you who need to finalize your clinical rotations should do so at other externship programs.

There is a possibility we may be able to take students in the spring, and if we are, we will update this page at that time. If you have flexibility in your schedule and want to be personally notified if we open up this program spring 2021, please email both Dr. Robert Moore (rmoore@wcs.org) and Meredith Barton (mbarton@wcs.org) to that effect.

We thank you for your interest in our program and wish all of you the best in your academic programs.

Sincerely yours,

Robert P. Moore, PE, DVM, DABVP-Avian
Senior Veterinarian
Zoological Health Program, Wildlife Conservation Society
